

WAYFINDER

Working together to break the cycle of homelessness

Wayfinder is a homelessness and tenancy support program, providing individuals with one-to-one volunteer-led support, to help people develop the skills to live independently – now and in the future.

Our Wayfinder programmes works to strengthen people's confidence, resilience and independence, empowering them to have more control of their lives, and reduce the risk of people returning to homelessness.

MAKE A REFERRAL

If you are working with or supporting an individual who you think would benefit from the support Wayfinder can offer, please get in touch.

WAYFINDER AIMS TO:

- Support each individual to improve their physical and mental health
- Reduce social isolation and loneliness
- Increase social connection with the uptake of and engagement with local activities and opportunities
- Increase an individual's housing stability and prevent the reoccurrence of homelessness

Each individual who is referred will be fully assessed by our team and, if they are suitable for the Wayfinder Programme, they will be matched with a volunteer who will support them over 3-12 months to achieve their goals.

All our volunteers receive ongoing training and support. They are patient and non-judgmental, and will work to support people to meet their full potential.
